167.Potassium Bomb **by Exodus**

This is one of my favorites. This creates a very unstable explosive in a very stable container. You will need:

- 1.A two-ended bottle. These are kinda hard to find, you have to look around, but if you cant find one, you will need a similar container in which there are two totally separate sides that are airtight and accessible at the ends, like this:

the separator MUST remain airtight/watertight so this doesn't blow off your arm in the process (Believe me. It will if you are not exact.)

- 2.Pure potassium. Not Salt Peter, or any shit like that. This must be the pure element. This again may prove hard to find. Try a school chemistry teacher. Tell her you need it for a project, or some shit like that. Try to get the biggest piece you can, because this works best if it a solid chunk, not a powder. You can also try Edmund Scientific Co. at:

or call 1-(609) -547-8880

- 3.Cotton
- 4.Water

Instructions:

Take the cotton and stuff some into one end of the container lining one side of the separator. Place some potassium, about the size of a quarter or bigger (CAREFULLY, and make sure your hands are PERFECTLY DRY, this stuff reacts VERY VIOLENTLY with water) into that side and pack it in tightly with all the cotton you can fit. Now screw the cap on TIGHTLY.

On the other side of the separator, fill it with as much water as will fit, and screw that cap on TIGHTLY. You are now in possession of a compact explosive made somewhat stable. To explode, throw it at something! The water will react with the potassium, and BBBOOOOOOMMMM!!! Works great on windows or windshields, because the glass fragments go everywhere (stand back) and rip stuff apart. The bigger the piece, the bigger the boom. If no potassium can be found, try looking for PURE Sodium, it works well too.

PS: You could also place this little sucker under the wheel of a car of someone you hate...(Wait till' they back over that one!!!)

168.Your Legal Rights **by Exodus**

Because you possess this little collection of mostly illegal concepts, you should be aware of your legal rights IF arrested (hey, it happens to the worst of us).

Your Legal Rights are:

- 1.Have a hearing before a magistrate or judge, as soon as possible after you are arrested.
- 2.Be notified of the charges against you.
- 3.Have a reasonable bail set, if bail is granted.
- 4.Have a FAIR, IMPARTIAL trial by jury.
- 5.Be present at all stages of the trial.
- 6.Confront your accusers. (without the baseball bat)
- 7.Have your lawyer cross-examine the witnesses.
- 8.Have your lawyer call on witnesses on your behalf.
